

Can Britain avoid collapse?

Great Britain, by majority consent of her citizens, is presenting an epochal experiment in government planning for all the world to witness.

In order to perceive and interpret the results of England's attempts, one must know what to observe, and understand the principles ~~and historical facts~~ involved *in any such experiment.*

Planned Chaos by Ludwig von Mises, an eminent scholar, is a straightforward, comprehensive statement of the ^{historical} facts and ideas which are essential to ~~the relation of~~ ^{relating} daily events to results in England, America, or any other nation.
