FROM THE DESK OF JAMES W. FIFIELD, JR., D. D.  
411 WEST FIFTH STREET, LOS ANGELES 13, CALIFORNIA

Dear Fellow Minister:

Occasionally I get hold of a book which I especially profit from reading. Much less frequently a book takes hold of me--takes hold and won't let go.

Mises' new book, PLANNED CHAOS, rang my bell. I started it one evening and couldn't lay it down until I had finished it.

Spiritual Mobilization succeeded in arranging to send you the attached copy. Read it immediately and carefully. Quote from it in sermons and addresses as you see opportunity. Mention it to others who should read it--of course, all of this provided it rings your bell, too.
