Dear Dr. Poirot:

Some time ago you advised us that there were only one hundred copies of the hard cover edition of *PLANNED CHAOS* still in print. We would like to know what quantity is now available, so that we can purchase the remaining copies. I would appreciate your early reply.

With best wishes.

Dear Dr. Poirot:

Thank you for your letter of April 20th, advising us about the Foundation's remaining inventory of Planned Chaos. In the near future, we will be ordering a larger quantity of the hardcover edition than we usually do.

After the hardcover edition has been exhausted, we will begin to carry the paperback edition.

Cordially,
