Dear George:

Thanks for your letter of November 15.

At this point I am not ready to sell all Free Market Books stock of Mises books. Actually, I have only a very few copies of each of his titles and want to keep them for occasional inquiries. However, if you are interested, I could let you have 15 copies of HUMAN ACTION at \$40.00 each, plus shipping charges.

I also have some copies of LIBERALISM (IHS, 1976 edition) hard cover, and could sell you 20 copies at \$20.00 each plus shipping.

And then, of course, I have ON THE MANIPULATION OF MONEY AND CREDIT, containing three Mises pieces that I translated and Free Market Books published. That is available in hard cover only. It lists at \$30.00 retail and FMB gives bookstores 25% off, and adds actual postage.

I understand you will be speaking at FEE in May. I shall be looking forward to seeing you then. In the meantime, best wishes to you and Edith.

Sincerely yours,

*Bettina*
