Stratford, Connecticut

Dear Mrs. Hunt:

Enclosed is a sample of the letter which we are sending today to the individuals on the LIFE list which you sent to us on July 30th. These multigraphed letters are being mailed together with a copy of "Show Me Any Other Country."

We have omitted the individuals with military addresses from this mailing inasmuch as we feel that most of these men have changed their addresses since writing you last year.

I would be interested in hearing about any reactions you may receive from this mailing.

Cordially,

H. C. Cornuelle
Assistant to the President
