Dear Hans:

Thanks for your note and the names to be added to FEE's mailing list. We'll see that it is done.

I also appreciate the copy you've shared of "Interest Rates Are Going Higher." We'll be watching for it in Human Events, but it probably is more political and more timely than would be appropriate for a later Freeman reprint. We can discuss it further next weekend.

Don't let me forget to have you autograph 15 Age of Inflation we're holding here for Geoffrey Greenleaf.

See you soon.

Sincerely,

Paul L. Poirot
