Dear Hans:

Many thanks for keeping me informed on the continuing crisis at Grove City. I do feel, however, that your memorandum on faculty recruiting and hiring was too generous. In any event, it is obvious that you are having great fun!

Speaking of great fun, -- did we ever have the time of our lives at St. Maarten. The sponsor of the seminar is an absolutely remarkable man, and I can hardly wait for you to meet him. Beverly and I had never experienced anything quite like last week, and doubt if we ever will again. It was simply unbelievable!

See you in Vancouver.

Cordially,

Robert G. Anderson
