Dear Hans:

Thanks for the warning, "Eurodollars May Inundate Us."
I'm suspicious that many of those dollars have already
found their way home to roost. But that's not to deny the
worst is yet to come, much of it as you suggest or imply in
the form of attempted exchange controls, blocked currencies,
paper curtains or who knows what! It is indeed a perilous
situation, and fortunate will be those who hold the keys to
survival.

Sincerely,

Paul L. Poirot
