

SOWELL, THOMAS

The Poor

"To be blunt, the poor are a gold mine. By the time they are studied, advised, experimented with and administered, the poor have helped many a middle class liberal to achieve affluence with government money. The total amount of money the govt. spends on its "antipoverty" efforts ~~would~~ is three times what would be required to lift every man, woman, and child in America above the poverty line by simply sending money to the poor."
