

How much Federal Aid did the Pilgrims get?

THEY were in a Depressed Area. No one guaranteed them high prices for anything. Their only roads and schools were built by themselves. For Security they did their own saving, or starved.

All they had was Character. All they did was Work. All they wanted was Self Respect.

The sum of those three traits became *America*.

But what's going to be the sum of the traits you see today—the traits of character, or, rather, lack of it, that demand more money for less work, put security above self-respect, pamper self-pitying criminals instead of punishing them, give away resources we desperately need to protect ourselves, listen to weaklings that want government to take care of them when they should take care of themselves.

Long years of early-American self-respect and hard work built America, but the traits you see today can destroy it, in half the time.
