Dear friend:

Probably never again in your lifetime will there be an opportunity as presented by the 1961-62 American colleges and universities debate topic:

"RESOLVED: THAT LABOR ORGANIZATIONS SHOULD BE UNDER THE JURISDICTION OF ANTI-TRUST LEGISLATION."

Already requests for material to be used in these debates are flowing into this Committee from college students across the Nation. You may be sure that the labor bosses, with their vast resources, will make available plenty of their material.

A package of material, which includes 5 copies each of "Labor Union Monopoly, A Clear and Present Danger," by Donald Richberg, and other educational material, has been prepared by this Committee for members and prospective members of collegiate debating teams.

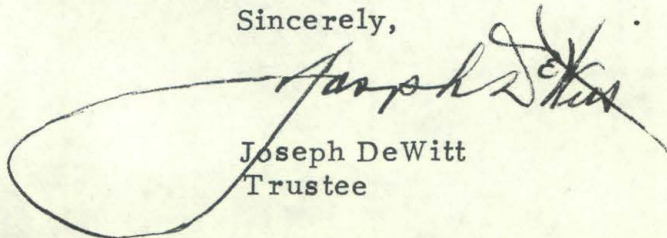

At least one of these packages should be sent, quickly, to the debating coach of every one of the approximately more than two thousand (2,000) colleges in the United States for the use of debating team members.

Your help is needed by the Committee to insure the success of this educational program. Purchase these packages to enable the Committee to send them to the colleges promptly, either in your name or in the name of the Committee, to the colleges you may choose or to the Committee's list of American colleges and universities.
