Your help is needed to make Richberg's great book, "Labor Union Monopoly, A Clear and Present Danger," do its historically important job. It can dispel the mass delusion that has been fastened upon national consciousness by decades of propaganda, portraying labor union monopoly and coercive power as something desirable.

If the facts in this book can be projected into the thinking of the average American, the dominance of union bosses, pushing America into socialism, can be stopped. Therefore, at least 1,000,000 copies of this book should be distributed quickly.

"Labor Union Monopoly" tells what you and every American can do to save constitutional freedom and our competitive economic system. Use this book to project and multiply many fold your citizen's influence, to safeguard our form of government. Timely and informative books, like this, have swayed the destiny of nations.

Distribution should be made to opinion-molding individuals of the nation, who wield the greatest influence, many of whom will buy in large quantities and distribute in their respective circles.

This is an urgent, non-partisan, educational job, for which your immediate help is needed. Buy 2, 5, 25, 40, 100, 500, 1,000 or more copies—as many as you or your group can afford. Place them in circulation with fellow workers, supervisory personnel, businessmen, large and small, heads of service groups, farm leaders, editors and publishers, public officials, judges and governors, regardless of party. A copy sent with your comment to your representatives in Congress will be particularly helpful.

This book should go to everyone in position to disseminate ideas to others, to salesmen, insurance agents; and when these have been reached, to housewives and industrial employees so that as many families as possible may have been reached.

Help us distribute, in your circles, as a tuck-in in your mails, this announcement — to 1,000,000 quickly: 10 copies free; 100-700, 1¢ each; 1,000 or more, \$8 per thousand postpaid. Ask for Richberg book announcement.
