1 & 2 ALBUMS

**The Essence of Americanism
Clichés of Socialism**

By LEONARD E. READ \$5.00

Three sides, dealing with the Essence of Americanism, tell of the gift of freedom, the loss of freedom, and the rescue of freedom.

The fourth side describes the series of suggested answers to 32 socialistic bromides.

NOTE: You may be among the 2,000 persons who have already purchased this set.

3 ALBUM

The Real Danger of Communism

By EDMUND A. OPITZ \$3.50

The real danger is not a foreign army; it is an alien philosophy. This philosophy has misled us into disowning large chunks of our own heritage of religious, moral, economic, and political convictions, and replacing them with beliefs patterned after the ideology of our opponents.

4 ALBUM

Freedom Follows the Free Market

By DEAN RUSSELL \$3.50

Governments never control "things" but only people. Governments can never control newspapers and churches, but only people who write and worship. In a totally controlled economy, it is not the economy but the people who are totally controlled.

5 ALBUM

The Tariff Idea

By W. M. CURTISS \$3.50

This idea—that one function of the political agency is to confer an economic advantage on some men at the expense of their neighbors—underlies every socialistic practice.

6 ALBUM

Social Security

By PAUL L. POIROT \$3.50

A realistic appraisal of the possibilities for personal security after 25 years of government trial and error in this area.

7 ALBUM

**Mainspring
I, Pencil**

By LEONARD E. READ \$3.50

The first side of this LP is made up of commentary and excerpts from **The Mainspring of Human Progress**. This fascinating book is dedicated to the principle that only free men can make effective use of their imaginations and creative abilities.

The second side is an ordinary lead pencil's claim that not a person on this earth knows how to make a pencil—a story of the miracle of its being.

8 ALBUM

Sources of Governmental Authority

By DEAN RUSSELL \$3.50

If the government of the U.S.A. derives all of its authority from the people, here is a disturbing question: Where does the government get its authority to do so many things that no person or group of persons has a right to do?

9 ALBUM

Is Economic Freedom Possible?

By BENJAMIN A. ROGGE \$3.50

A careful examination of the charge that a free society would be controlled by private monopoly.

10 ALBUM

Economics in One Lesson

By HENRY HAZLITT \$3.50

"The art of economics consists in looking not merely at the immediate but at the longer effects of any act or policy; it consists in tracing the consequences of that policy not merely for one group but for all groups."

Mostly, these LP recordings are from lecture material used at FEE Seminars. After listening to them, you will know best how to extend their use within your own circle. Possibilities:

- Invite some friends for an evening or Sunday afternoon, with you or one of the others acting as discussion leader.
- Loan or give to students or teachers for classroom purposes.
- Use LPs as basis for an educational program among employees.

These records (33 $\frac{1}{3}$ r.p.m., about 35 minutes playing time per record) are of first quality vinyl. Deduct 10% for any combination of 5 or more albums. All 10 albums for \$27.00, or, in the event you already have albums 1 & 2, \$22.50 for albums 3-10 inclusive.

Any one of above lectures also available in hi-fidelity, single track, 7 $\frac{1}{2}$ " speed tape: \$6.00 each. No discount.
