is published by the Foundation for Economic Education. Founded in 1946 by Leonard E. Read, FEE is a nonpolitical, nonprofit educational organization championing the private property, free market, and limited government philosophy. FEE is a primary source for literature and activities promoting this point of view.

Since 1956, FEE has published *The Freeman*, a monthly study journal of ideas on liberty. Its articles and essays offer timeless insights on the positive case for individual liberty, and criticisms of the failures of collectivism.
