Bob,

This afternoon brings news that New York Governor Pataki now has *Criminal Justice?* in an A-List package. This was hand delivered to him by his Press Secretary, Irene Long, who is the daughter of the New York Conservative Party Chairman, Mike Long (325 Parkview Dr., Schenectady, NY 12303, telephone: 518-356-7882).

New York State Deputy Attorney General, Robert T. Farley says the New York Attorney General, Dennis C. Vacco is impressed with the *Criminal Justice?* materials. He would like a review copy sent to State of New York Department of Law, Albany, NY 12224. Will plan to send it to him tomorrow, unless one hears otherwise.

Today, outgoing mail includes your requested package of 20 *Criminal Justice?* brochures, and laser print masters for photocopying quotable quotes and Bob Bidinotto's biography to Mrs. Odile Stern, Executive Director, Parents of Murdered Children, 239 Central Park West, New York, NY 10024.

What did you learn at The APG Conference? There are now approximately 300 *Criminal Justice?* brochures at FEE. What arrangements made for resupply from APG's big inventory? What, if any, limitations for Gary Stevenson's telemarketing operations in Canada? He needs a timely answer.
