CRIMINAL JUSTICE?

**The Legal System Vs. Individual
Responsibility**

"Robert Bidinotto has done it. He's managed to assemble a group of scholarly, yet immensely readable, articles that completely demolish a half century of half-baked theories about the causes of society's response to crime. You're going to find out that the average citizen was right all along and the 'experts' deathly wrong."

—*DR. WALTER E. WILLIAMS*
Professor of Economics
George Mason University

"This book is a must read for anyone who knows the system is broken, and wants to change it."

—*JOHN WALSH*, Host, "America's Most Wanted" (From the Foreword)

"...the most brilliantly informative book on the subject of crime I have ever read...I cannot recommend it highly enough."

—*DR. NATHANIEL BRANDEN*
psychologist and author

Criminal Justice? is easily the most controversial book on crime and punishment to appear in years, and perhaps the most important. It is must reading for law enforcement officials, crime victims, politicians—and for every citizen who values justice.
