Dear David:

We are in a state of shock about your announcement of a forthcoming book called *Criminal Justice*. As you know, FEE published one under this title in December 1994. In March 1995 we sold 540 copies to Conservative Book Club which advertised and distributed it to its nationwide clientele. We placed it in bookstores from coast to coast, advertised it on dozens of radio and television shows, are seeking and getting numerous reviews, and even gave you a copy when you were a guest at the FEE Board meeting on May 22, 1995.

Please assure us that the announcement was an unfortunate error.
