Dear Hans:

Thanks for your note and the copy of "The World Needs Honest Money" as prepared for delivery at the Mont Pelerin meeting on November 19.

This seems excellent to me for use at that meeting, as well as for seminar delivery and discussion. But it has some aspects of prediction and timing, as well as details of reform measures that seem questionable for The Freeman. There will be portions that we could extract, if you'd agree. Yet, we probably should wait until we've seen the CMFE version before a further decision.

Meanwhile, our thanks again for the look at this longer draft.

Sincerely,

Paul L. Poirot
