

July 23

Dear El,

By now you should have had my letter, but wonder if you noted the P.S. on the envelope.

I have been successful in locating both cards and typewriter and so am set to index. It would be great if pages arrived by this weekend.

Off to the sugar mill and their beach.

That horrible paper these gals. are on... insult to one's eyes! Right?

Adios,  
Vern C.
