Dear Chet:

Thanks for a copy of your letter to Howard Pew. I wrote him a letter this morning urging his acceptance.

I am quite certain he won't want any expenses or honorarium. The gent has more marbles than you or I could count.

Cordially,

Dear Chet:

We have just had a note from Dr. Palmer, and it now appears that I am to address his group on Tuesday afternoon, August 25th.

Unless you have something special that you think I ought to do in Davenport -- and in view of my frequent visits I can't imagine what it would be -- I will plan to arrive there Tuesday forenoon and will try to get into Chicago that evening so that I can work there the next day.

My best!

Cordially,

Leonard E. Read
