Dear Ben:

Your interest in what Bear Russell had to say at the YMCA Annual Dinner leads me to tell you that, in my estimation, The Foundation for Economic Education, Inc. is doing far more than any other organization in the world to preserve freedom and to bring back the freedoms we have lost.

Through this office I have distributed thousands of copies of their excellent publications to educators and clergymen and, of course, industrialists. It is all educational in nature and I have found it a great aid to me in explaining the advantages of freedom and the dangers of expanding government.

I believe that you will find the enclosed pamphlets to be of high character. They are: "The Study of Freedom", "The Positive Approach to Personal Rights", "The Bill of Rights" and "Charity--Biblical and Political". If you do not have a card to mail in to get on the mailing list, and if you are interested, please let me know and I will provide you with one.

Cordially yours,

C. W. Anderson
Executive Vice President
