

Some References on Capital Formation and Productivity

(Supplementary to "Eating the Seed Corn," and its technical explanation)

1. "Some Hazards of 'Full' Employment," Booklet Editorial No. 135, Wonalancet Company, 128 Burke St., Nashua, New Hampshire.
2. "Progress in Productivity and Pay," by Allen Rucker, The Eddy-Rucker-Nichels Company, Harvard Square, Cambridge 38, Mass. (Also by the same author: "Foreign Demands and America's Outlook for Future Economic Progress," and other material along the same line, such as some material given before Congressional Committees, etc.).
3. "Prospect for Economic Growth," by C. R. Noyes, in the March 1947 issue of The American Economic Review.
4. "National Income: A Summary of Findings," by Simon Kuznets, (such as information on page 53), National Bureau of Economic Research, Inc., 1819 Broadway, New York 23, New York.
5. "Technological Stagnation in Great Britain" (British experience, probably comparable to our own at a later date), Machinery and Allied Products Institute, 120 South La Salle Street, Chicago 3, Illinois. (Also other releases by this same organization such as their November 1952 Capital Goods Review; as well as surveys like that of November 3, 1949 issue of The American Machinist.)
6. "Taxes, Equity Capital, and our Economic Challenges," March 1953, New York Stock Exchange, 11 Wall Street, N. Y., N. Y.
7. "Major Tendencies in Business Finance," by N. A. M., 14 West 49th Street, New York 20, New York.
8. "Are We Well Off," by Herbert J. Miller, September 1952, Tax Review, The Tax Foundation, Inc., 30 Rockefeller Plaza, New York 20, N. Y.
9. "The Illusion of Welfare," October 1952 Digest, Stevenson, Jordan & Harrison, Inc., 19 W. 44th St., New York 36, New York.
10. "Prosperity in the U. S." series, McGraw-Hill Publishing Company, 330 W. 42nd St., New York 36, New York.
