Rock Island, Illinois

Dear Chet:

Thanks for your note of the 9th and the "Statement on Public Ownership of Bus Lines." It is excellently presented. I would be interested in knowing how many signed it and what impact it had on the action of the Chamber. How much better off the country would be were there citizens in each community who would direct such suggestions for correction to its Chamber of Commerce.

Best wishes!

Cordially,

Leonard E. Read
