3520 Washington Boulevard  
Indianapolis, Indiana

Dear Mr. Goodrich:

The following notice appeared among others identifying financial supporters of conservative causes in a Group Research "Report" for April 29th, 1967.

Finally, Pierre Goodrich's LIBERTY FUND, INC. reports more than half of all its grants going to right-wing organizations during the three years 1963-5: \$14,600 to Foundation for Economic Education, \$4,000 to the Foundation for Foreign Affairs, \$2,000 to *Educational Reviewer*, and \$1,500 to the Intercollegiate Society of Individualists.

Full information on the intent of this communication and its potential influence at the present time is available from this office on a personal consultation basis. Time necessary for discussion: an hour and a half. Fee; \$150 plus expenses.

Sincerely yours,

Peter Steele

P.S. You might wish to consult Art Conde on this in reaching your decision.
