

WMC -- You might put this in the Trustees file; in the meantime I'll try to talk Pierre out of it. It has about the same shortcomings as an Advisory Committee

Dear Pierre:

Let's present your idea of honorary Trustees at the Annual Meeting session. I can understand how once you did not favor it, for, as of right now, I don't think very much of it. Perhaps you and I can get a chance to discuss it between now and mid-May.

Cordially,

Henry's a good man!

Dear Leonard:

I presume you must have Christianity Today in your library, but to make it easy I am enclosing a copy of the July 8, 1966, issue. Dr. Carl F. H. Henry, the editor, has written an article entitled "The World Council and Socialism."

I wonder what would be the possible value of Dr. Henry's serving for at least one term on the FEE board--and whether or not that would be to Mr. Pew's liking or "unliking?"

Sincerely,

Pierre F. Goodrich
