BETTINA BIEN

December 22, 1965

When you come back in January you might start work on these books, ordering copies of as many as you can that are in print. The out of print items we will have to wait for. A few notations as to ~~additions~~ additions available, contributed by Opitz, have been added. Generally speaking, I would think that paperbacks were sturdy enough for our use, unless they are really cheap editions. What do you think?

*Bettina*
