Dear Leonard:

I have received from Arizona today a marked copy of what appeared to be an excellent occasion at Phoenix. I would be glad, at your convenience, to hear from you on two things:

(a) Did you have a satisfactory visit with Gene Pulliam and do you believe he regarded the occasion as satisfactory? Besides the obvious reason for asking this question which was a part of the problems of your visit, I am interested because in the beginning I think he did it because I asked him to and I hoped before the occasion was over with he would be glad he did it on his own account.

(b) The picture in the paper shows you sitting between two professors. I am curious about your conversation with them.

Sincerely,

Pierre F. Goodrich

Dear Leonard:

Apparently Dr. Sparks received some material from Mr. Bierly which has prompted him to communicate with Russell Kirk asking if he would like to come to Wabash.

Actually the communication is being handled through Dean Trippet but I am hearing from Dr. Sparks direct and not from Dean Trippet.

I thought you should know of this.

However, unless I have slipped up someway there is nothing I know of to regard this as any way blocking the continuance of the discussion we have entered into.

I have had another unforeseen talk with Dr. Sparks and he indicates he would be glad to talk further with you and me about this problem.

I am enclosing herewith the December 17, 1954 issue of THE BACHELOR indicating that some sort of a back-fire occurred in connection with Mr. Brigrance's Chapel program. I would appreciate it if you would return this copy to me after you have noted its contents. I do not like Mr. Brigrance's proposed solution but it is an interesting development.

Sincerely,

Pierre F. Goodrich

P.S. Please also note the article in this issue of THE BACHELOR about Rogge's trip. This may make it more intelligible for you to see Rogge about Brazil and about meeting with you staff on the way through.

Mrs. Elliott, is not on the
Foundations' list. I find no
correspondence from her, or
from Mr. Goodrich regarding
her.

Mrs. Wagner added Jan. '55,
on 6. who introductory list.

Dear Leonard:

Enclosed herewith is a copy of a letter I have written to a lady in Warsaw. Mrs. Elliott has already written asking that she be placed on your mailing list. I have reason to believe she will be interested.

You will notice I am suggesting that she start out by buying a few of your books.

May I suggest that you give her a selection of your pamphlets which would include, of course, your booklist.

My hope, of course, is she will turn out to be a self starter on these things and will become a contributor to your activity so it might be that either at the beginning or at an early date later on it should be explained to her how pamphlets are acquired and the value and use of contributions, subject, of course, to your judgment and own policy as to which I am not attempting to suggest otherwise your handling of such matters.

Sincerely,

Pierre F. Goodrich
