Dear Mr. Clise:

I feel that I should have reported to you before now on the meeting at the Foundation on December 5. (I am sure you must have heard from Leonard Read.) We certainly missed your presence and I am sorry to hear that you are not too well.

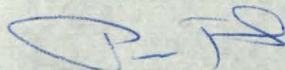

We needed your able comments about some of the discussion that developed in the latter part of the day. (I presume perhaps Leonard has also had time to acquaint you with this.) It was one of those discussions where there has to be a reasonably clear distinction between the ideal for which the Foundation is attempting to stand and perfect, and living in a world of governmental intrusion.

There were one or two casualties along the line but I think the board again demonstrated its capacity to think clearly on matters of this sort and to discuss them with a great deal of vigor and integrity.

I hope you are feeling better and that we will see you in May. I was sorry to miss Hutch also.

I am ashamed that I have received so much interesting material from you and have not corresponded with you about it. It does not mean that I am either ignoring it or unappreciative of it.

Sincerely,

Pierre F. Goodrich

P. S. We appreciated your sending along the information on the American Hungarian Library.

I hope I am proceeding properly. I want to write a letter to Hutch. If you have written a letter to Hutch about the meeting it should help me to see a copy of it.
