Dear Pierre:

This has to do with the letter you wrote to Jim Clise about FEE's Board Meeting. The only absent Trustees whom I wrote to about this matter were Hutch and Bill Mullendore. However, I have been on the phone since writing the letter with Hutch so he is just about as intimately acquainted with what went on as you are.

I just wrote Hutch today sending him that portion of the Minutes relating to Howard's statement. I also informed him that Howard sent us a contribution at the same time. A little difficult to figure out, isn't it?

It certainly was quite all right for you to open the subject with Jim Clise. I will, however, drop him a note because I imagine he is somewhat curious as to what happened.

All my best!

Cordially,

Leonard E. Read
