Dear Hutch:

I have met at one time Francis W. Misch who graduated from Wabash College in 1925 and comes from Seymour, Indiana. I perhaps told you about this.

My interest in knowing more about him keeps coming up. If in your relationship you think it is proper for you to say anything which would forward my understanding about him, I would very much appreciate hearing from you, subject, of course, to whatever confidence you charge me with.

Which side of the fence is he on? Does he know why?

Sincerely,

Pierre F. Goodrich
