National Foundation for Education in American Citizenship  
Electric Building  
Indianapolis 7, Indiana

Dear Sirs

I have received an appeal letter from Adolph Menjou in behalf of the Human Events organization in Washington, D C.

I am interested in Human Events and note the references to the National Foundation for Education in American Citizenship. At this time, therefore, I should like to know more about your Foundation.

I will look forward to hearing from you.

Sincerely yours

*Bob Temple*
