Dear Mr. Hazlitt;

[ For a long time I have been delighted with your fine articles in NEWSWEEK. Why more Americans dont see as you dont I cant understand.

Here is a letter I wrote to a congressman in the hopes that my children and my grand children might be spared the tax problems WE have had to bear. It is incredible that we sould have arrived at our present position.

Good Luck to you and may you keep right on writing as in the past.

Sincerely

Clare H. Armstrong
